Experience

Dr. B. R. Ambedkar NIT, Jalandhar

July 2022 – Nov 2022

Frontend Developer

Jalandhar

- Designed the homepage and institute modules on Figma.
- Developed the frontend pages according to the finalized designs.
- Built two modules of homepage, hostel, events and clubs with HTML/CSS and React.JS.
- Built the basic model for Student Authorization.

Personal Projects

FLIX | *React JS* | *HTML* | *CSS* | *Express JS* | *MongoDB* | *Tailwindcss* | *Firebase* | *Git*

- Flix is an online video streaming webapp which provides the new released movies and web shows to the users.
- Movies are curated on the basis of genre to which they belong. User can login and add the movies to his/her personal list to watch later.
- Data is provided to the frontend from the personal MongoDB database and TMDB API.
- Admin Panel is also developed in order to modify the database from the frontend itself.

E-COMMERCE SITE | *React JS* | *HTML* | *CSS* | *Node JS* | *Express Js* | *MongoDB* | *Git*

- As the name suggests, this is an ecommerce site where you can search the products, add them to cart and buy them.
- User can login to his/her account and can check the orders, items in cart and the products he/she wish to buy.
- Data is provided with the help of an API call to the personal database on the cluster.

Achievements/Interests

- Team member of NITJ Media Cell and Quest Club
- 98.8 percentile in JEE Mains 2020
- Interest in playing Cricket
